ULTRAFUSE™

The dynamic UltraFuse collection shines in campwear because of its bold designs. The fabric initially is white, then GTM utilizes a dye sublimation technology and heat to infuse colors and art designs directly into the material. This allows for incredible durability that keeps colors bold and bright.

ULTRAFUSE™

GTM's exclusive UltraFuse uniform collection has so many capabilities that it is easy to create a customized look. The fabric initially is white, and then GTM utilizes a dye sublimation technology and heat to infuse colors directly into the material. This process is especially ideal for the teams that want to wear color combinations not available in stock uniforms. Sublimation allows for incredible durability that keeps colors bold and bright and personalized designs looking brand new wash after wash.

ULTRAFUSE™

Unlike traditional sportswear, UltraFuse uses a dye sublimation technology in which ink is heat-infused directly into the fabric. This process not only delivers game-changing style, it offers unparalleled performance, color, comfort and durability. And to top it off, UltraFuse designs can be customized with your team name, logo and mascot.
