ULTRAFUSE™

STYLE EVERYONE WILL ENVY

The dynamic UltraFuse collection shines in campwear because of its bold designs. The fabric initially is white, then GTM utilizes a dye-sublimation technology and heat to infuse colors and art designs directly into the material. This allows for incredible durability that keeps colors bold and bright.

STEP 3: MAKE IT YOUR OWN WITH COLORS AND ART

After choosing your design, customize it with over 33 color options. Get inspired by thousands of art design templates or submit your own custom art design.

NEW ULTRAFUSE™ DOUBLE KNIT UNIFORMS

The dye sublimation technology of UltraFuse™ has finally expanded to our new double knit cheer collection. The designs still maintain the classic cheer look you love, but the unprecedented updates make these amazing uniforms anything but ordinary. The back is comprised of our exclusive new FlexForm™ fabric that allows cheerleaders to move comfortably and with more flexibility than ever before. Choose from over 33 color options and add sublimated art, which is included in the cost, to create a look that was impossible with traditional double knit.

UF™

Get the traditional look of double knit with the amazing art possibilities of sublimation in these new uniforms. Designs, logos and braiding are heat-infused directly into the double knit fabric at no additional cost.

BREAK THE MOLD

Our dye sublimation technology infuses colors and designs directly into the fabric with heat, ensuring they stay bold and crisp wash after wash. The back features our new FlexForm™ fabric, which wicks moisture away from the body to keep cheerleaders cool and dry.

ULTRAFUSE™

GTM's exclusive UltraFuse uniform collection has so many capabilities that it is easy to create a customized look. The fabric initially is white, and then GTM utilizes a dye sublimation technology and heat to infuse colors directly into the material. This process is especially ideal for the teams that want to wear color combinations not available in stock uniforms. Sublimation allows for incredible durability that keeps colors bold and bright and personalized designs looking brand new wash after wash.

ULTRAFUSE[™]

Unlike traditional sportswear, UltraFuse uses a dye sublimation technology in which ink is heat-infused directly into the fabric. This process not only delivers game-changing style, it offers unparalleled performance, color, comfort and durability. And to top it off, UltraFuse designs can be customized with your team name, logo and mascot.
